Pursuant to 37 CFR § 1.56, and in addition to information disclosed in any previously filed prior Information Disclosure Statements the attention of the Patent and Trademark Office is hereby directed to the references listed on the attached Form PTO-1449. It is respectfully requested that the information be expressly considered during the prosecution of the above-referenced application, and be made of record therein and appear among the "References Cited" on any patent to issue therefrom.

An Information Disclosure Statement filed June 1, 2011 identified a set of NPL references that was unavailable to Applicants. As explained in the June 1, 2011, IDS, copies of these references were unavailable despite a diligent search. As a result, Applicants directed the Examiner's attention to the file wrappers of the relevant U.S. Patent Applications in which the at-issue references had been previously cited in and considered to obtain copies of the respective references.

Some of the aforementioned previously-missing references have now been located. Copies of the discovered references are submitted herein.

Applicants note that the following references remain unlocated, despite the aforementioned diligent search:

- Instruction Manual entitled "Quick Start for Speakerphone XT SVD", copyright 1996.
- Bio Tek Instruments, Inc. Products Catalog 32 pages. April 1992.
- "TV700 Service Manual" Valleylab, Inc. Boulder, Colorado. September 1988.

The listing of a reference herein is not an admission that the reference is prior art or is material to patentability. 37 CFR § 1.97(h). Applicant reserves the right to establish the patentability of any claimed invention over any of the information provided herewith, and/or prove that this information may not be prior art, and/or prove that this information may not be enabling for any aspect of the information provided herewith.

This Information Disclosure Statement is being filed before the mailing date of a first Office Action after (or with) the filing of a Request for Continued Examination under 37 CFR § 1.114. No certification or fee is required. 37 CFR § 1.97(b)(4). Please note that English abstracts are provided for Non-English references.

Respectfully submitted,
